

**Terrell County Independent School District  
Sanderson Schools**

**Athletics Re-opening  
&  
Mitigation Plan**

*The guidelines within this document have been developed to mitigate the transmission of communicable diseases/viruses, such as COVID-19. Changes to the public health situation may necessitate changes to this guidance.*

The safety of our student-athletes, coaching staff and community are our primary focus as our athletic programs are re-opened.

The information within this document will be updated according to the guidance and/or requirements provided by the CDC, UIL, TEA, Texas High School Athletic Director's Association and governmental entities.

***\*If a student-athlete cannot abide by the procedures and protocols established, he/she will be asked to leave the facility.***

### **PURPOSE**

The return of athletics to Sanderson Schools requires careful planning and guidance for coaches, staff, athletes, and parents. It is important to utilize all resources available to mitigate risk and ensure the safest possible environment for all participants. This document outlines the different guidelines and expectations for coaches, athletes, parents, and community members. The primary purpose of this document is to guide and effectively facilitate the safe return of athletic programs to Sanderson Schools.

### **CLOSE CONTACT**

This document refers to "close contact" with an individual who is lab-confirmed to have COVID-19. The definition of "close contact is evolving with our understanding of COVID-19, and individual scenarios should be determined by appropriate health agency. In general, close contact is defined as:

- Being directly exposed to infectious secretions (e.g., being coughed on; or
- Being within 6 feet for a cumulative duration of 15 minutes; however, additional factors like case/contact masking (i.e., both the infectious individual and the potential close contact have been consistently and properly masked), ventilation, presence of dividers, and case symptomology may affect this determination

if either occurred during the infectious period of the case, defined as two days prior to symptom onset to 10 days after symptom onset.

In the case of asymptomatic individuals who are lab-confirmed with COVID-19, the infectious period is defined as two days prior to the confirming lab test and continuing for 10 days following the confirming lab test.

### **REMOTE LEARNING**

Students/Families who have opted to participate in "at-home" learning, will be allowed to participate in UIL Athletics and Academics during the Fall semester of 2020, as long as the participants meet the UIL requirements for participation (i.e. residence requirements, age requirements, grade requirements, etc.). ~ approved 7-22-2019

While the Board of Trustees has approved the participation of "at-home" learning students in UIL Athletics and Academics, those students who wish to participate must comply with the following:

- **ATHLETICS:**
  - At-home learning students must attend 7<sup>th</sup> period athletics and required practices.
  - At-home learning students must comply with all requirements established for "in-person" learning (i.e. masks).

- At-home learning students who participate must have their temperature scanned upon arrival and must self-screen for symptoms prior to attending 7<sup>th</sup> period and practice.
- **ACADEMICS:**
  - When required by the UIL Academic Coach, students wishing to participate in Academic UIL must attend practices in-person.
  - At-home learning students must comply with all requirements established for “in-person” learning (i.e. masks).
  - At-home learning students who participate must have their temperature scanned upon arrival and must self-screen for symptoms prior to attending the required practice.

### **ARRIVAL & PRE-SCREENING & DISMISSAL**

Upon arrival at any Sanderson Schools’ athletic facility, the student-athlete must remain outside the athletic facility until the coach directs the student-athlete to enter. While waiting for entrance into the facility, the student-athletes who are waiting to enter must practice social distancing and remain 6-feet apart. Each facility will have markers indicating the need for social distancing and will provide students guidance on where to line-up.

- **Arrival at the Football/Track Field House**
  - Athletes arriving at the High School football/track field house for participation must enter through the assigned door. There will be one entrance and one exit at the High School Field House. The entrance and exit will be clearly marked with signs.
  - Athletes arriving at the Junior High football/track field house for participation will have one entrance. Due to the layout of the facility, the entrance will also be the exit. This door will be clearly marked as an entrance/exit.
- **Arrival at the Basketball Locker Room Facility (gym)**
  - Athletes arriving at the Basketball Locker Room Facility (gym) for participation must enter through the assigned door. There will be one entrance and one exit at this facility. The entrance and exit will be clearly marked with signs.

***(Refer to Appendix A for maps with entrance and exit information)***

Coaches, staff, and athletes must self-screen prior to attending any practice or organized meeting. During the school year, the screening occurs by school district personnel prior to entering the building. If the student was not screened due to an absence or remote learning, that student must be screened by the coaching staff before the student-athlete is allowed to attend the practice or meeting. For any practice or meeting that occurs on a non-school day, the coaching staff must pre-screen each student upon arrival. The coaches will document the pre-screening results and attendance daily, on the forms provided. ***Attendance forms can be found in Appendix B.***

Upon entering the athletic facility, student-athletes must sanitize their hands with the provided hand sanitizer or with soap and water the located in the locker room.

When leaving the facility after a practice or game, the student-athlete must immediately exit the facility, while observing the 6-foot distancing requirements. Gathering outside the facility or in a school parking lot is not permitted.

## **PERSONAL SAFETY EQUIPEMENT (PPE)**

All coaches, staff and athletes are returning to the athletic program when the threat of COVID-19 remains high. Due to the risks associated with this virus, all coaches, staff, and athletes will enter the athletic facilities wearing a face mask/covering. The face covering must cover the nose and mouth. The face covering will be worn while in the athletic facility, including the locker room. The only time masks/face coverings may be removed is during physical activity. The coaches may temporarily remove face masks/coverings when outside and when they have ensured that the distance between themselves and the athletes is at least 6-feet.

During games, coaches may utilize face shields in lieu of face masks/coverings to ensure that student-athletes hear what coaches are directing them to do. Face coverings are required by all coaches during a game.

During games, student-athletes are required to wear their face covering when they are on the sideline, locker room, and in the field house.

Athletes will be provided a face covering to serve as part of their uniform, while reducing the possibility of spreading the COVID-19 virus.

Student-athletes are encouraged to bring their own weight-lifting gloves for weight room workouts. The use of the gloves will assist in reducing the spread of germs through weight room equipment. Disposable gloves will be available to coaches and staff. The gloves should be used when a coach is tending to an athlete. The gloves can also be used with sanitizing equipment and the facility.

Hand sanitizer and/or hand washing will be available to all coaches, staff, and athletes to use upon entering the facility, when exiting the facility and throughout the participation period.

In the case of an emergency response situation, those tending to the athlete must use gloves and a face mask. If CPR is required, it is recommended that when a barrier device is not available, the staff should administer "Hands Only" CPR until a bag valve mask or other protective device can be obtained.

## **WATER/HYDRATION**

Due to the health risks associated with the sharing of water bottles or the use of water hydration stations (i.e. water cows, water fountains, water trough, etc.), each student shall bring his/her own water bottle to practice. Water bottles MUST NOT be shared.

The coaching staff will adequately mark areas for each student to place their water and/or equipment. Assigning marked areas for the students helps reduce the opportunity for students to misplace their water bottle or drink from someone else's water bottle.

When appropriate and when following the sanitizing regulations, water bottle refilling stations will be made available to the student-athletes, with coaches being the only ones allowed to refill the water bottles for student-athletes.

## **LOCKER ROOMS**

Student-athletes will have access to locker rooms with distancing, sanitation procedures and safety protocols in place.

Locker room expectations:

- Face masks/coverings are required while in the locker room.
- Lockers will be assigned to ensure that student-athletes are provided appropriate spacing within the locker room.
- The floors will be marked with tape and/or signs, providing student-athletes with the six-foot distancing reminder.
- A maximum of 10 student-athletes will be allowed in the locker room at one time. This number could change, dependent on the number of student-athletes a specific locker room can appropriately accommodate.
- When a student-athlete exits the locker room, another student-athlete will be allowed to enter.
- Each student-athlete will be given a maximum of 5 minutes in the locker room.
- One coach will be outside each locker room in use, making sure that student-athletes rotating in and out of the locker room do so quickly and according to the plan.
- All student-athlete belongings will be placed in their assigned locker. Items may NOT be left out on the floors, benches, etc.
- As the student-athlete exits the locker room, the student-athlete must wash his/her hands with soap and water or use the hand sanitizer provided.
- When possible, it is recommended that student-athletes shower at home. While the locker room showers are available for use, it is recommended that they only be used when home showering is not an option.
- At the end of the practice, the coaches must disinfect the locker rooms with the product provided and the procedures outlined by the CDC.
  - Logs documenting when the locker rooms were disinfected and by whom will be kept in the locker room where they will be signed by the coach/es after it is disinfected.
- The custodians will disinfect the locker rooms immediately following a game or event.

## **EQUIPMENT, WORKOUT GEAR & LAUNDRY**

When possible, student-athletes will be provided their own workout equipment (i.e. jump ropes, strength bands, balls, etc.). If equipment must be shared (i.e. weights, balls, etc.) the equipment must be disinfected after it is used by the coach or coaches leading the workout.

Each student-athlete will be provided school assigned workout gear. The gear will be numbered to ensure that student-athletes continue using the same clothing they were assigned. Along with the workout gear each student-athlete will be assigned a laundry clip. The laundry clip will be used to clip the student's workout gear together so that it can be laundered without being separated or lost.

Immediately after each workout, the student-athlete will clip his/her workout gear together and then place the clipped gear in the laundry basket provided. Once all the laundry has been compiled, the coach/es will immediately wash and dry the clothing before leaving for the day.

Athletes are not allowed to take their workout gear and/or uniforms home. To ensure appropriate washing for disinfecting purposes, the coaches are required to launder all workout and game gear.

## **WEIGHT ROOM AND GYM PROCEDURES**

Per the guidelines established in the Summer Strength and Conditioning Document, when using the weight room and gyms, the coaches will ensure that the capacity meets the UIL and TEA guidelines.

During the workout, all athletes within the facility will be provided the required 6-foot spacing for social distancing. When the athlete is not engaged in physical activity, the athlete is required to wear a face mask/covering. The coaches leading the workout or a coach in attendance must wear a face mask/covering.

The facilities will have signs, posters, and taped areas to remind student-athletes of the following requirements: social distancing, masks/face coverings, symptom reporting, hand sanitizing, etc.

After the weight room and/or gym are used, the coach must disinfect all equipment and touch surfaces. The coaches must launder any workout gear that is school issued immediately following the workout session. Athletes are not allowed to take their workout gear and/or uniforms home. To ensure appropriate washing for disinfecting purposes, the coaches are required to launder all workout and game gear.

## **MEDICAL SUPPLIES/TREATMENT & TRAINING ROOM**

Due to the limited spacing within the training room, **student-athletes will not be permitted** in the training room unless directed to do so by a coach, for urgent medical treatment only. When the training room is in use the following guidelines must be adhered to:

- Only one athlete allowed in the training room at one time.
- Face coverings must be worn at all times by students, coaches, or other medical personal who utilize the training room.
- The training table utilized must be sanitized by a coach immediately after a student-athlete uses it.
- The treatment tub and treatment equipment (i.e. heating pads, tens unit, etc.) will not be used until further notice. Student-athletes requiring specific treatment will be advised of the needed treatment and it will be recommended for home treatment.
- Taping of ankles, wrists, etc., will be limited, and when necessary will only be done on the field and/or court. When possible, braces need to be used in lieu taping and wrapping.

All screening of injury will be conducted at the site of the injury. If the training room is needed after assessment, the coach and athlete will access the training room.

Face coverings must be worn at all times by students, coaches, or other medical personal who utilize the training room.

Ice machines may only be accessed by coaches. If an injury requires ice, a coach will prepare the ice bag and follow the health guidelines established. Students, trainers, managers and other personnel are NOT allowed to access the ice within the ice machines.

***All rules may be modified in emergency situations.***

### **ISOLATION FOR SICK STUDENT-ATHLETE**

If a student-athlete becomes sick during an athletic period or practice, that student-athlete must be isolated. When at the football field/track, the student-athlete should be placed in the athletic training room. When at the gym, the student should be placed in the stands away from the other participants.

It is important that only one coach work with the sick student, and that this coach take the necessary precautions to mitigate the risk of becoming ill.

After the student-athlete is isolated, the coach must immediately contact the student's parent. The parent must pick-up the student-athlete within 5-10 minutes of the phone call.

After the student-athlete is picked-up, the coach who handled the situation must thoroughly disinfect the isolation area, while wearing gloves and other appropriate PPE. If the student-athlete was in the locker room or any other common area for an extended period of time, causing potential contamination, the coaching staff will be required to disinfect the contaminated area prior to allowing other students to enter the facility/area.

### **TRANSPORTATION**

The district will continue to provide transportation to all Junior and High School student-athletes to and from the football/track field house, for 7<sup>th</sup> period athletics/PE. When students utilize the transportation provided, they **MUST** wear a mask/face covering. Drivers are required to wear their mask/face covering when transporting students. When possible, the student-athletes will sit one to a seat. When this is not possible, the maximum number of students per seat will be two. If the bus being utilized reaches its capacity, a second bus must be utilized to transport the remaining students.

Transportation guidelines for game travel purposes:

- Prior to boarding the bus for an out-of-town game/contest, a coach will pre-screen each athlete and complete a temperature scan. The pre-screening and temperature scan will be documented on the "Travel Pre-Screening and Attendance Form." After the pre-screening and temperature scans have occurred, the coach conducting this pre-screening must sign the form, indicating that they have accurately completed the pre-screening procedures.
- Seating charts must be established for all travel. Students should not be allowed to switch seats during a trip. If a seat must be moved for an unforeseen reason, a new seating chart must be developed. All seating charts must be provided to the Director of School Operations the next school day, immediately following the trip.
- Face masks/coverings must be worn when seats are shared. If students are provided individual seats, the masks/face coverings may be temporarily removed.
- If a student-athlete moves from his/her seat, a face mask/covering must be worn.
- When the bus makes a stop at any location, face masks/coverings must be worn. After the student-athletes are unloaded, a coach/monitor must sanitize the seats while the students are off the bus.
- Upon boarding the bus, the student-athletes, coaches, and other bus riders must use the hand sanitizer provided.

Equipment and vehicles will be sanitized after each use, after student-athletes have unloaded.

***Travel Pre-Screening and Attendance Form – located in Appendix C***

***Bus Seating Chart – located in Appendix D***

## **ATHLETIC PERIOD SCHEDULE/EXPECTATIONS**

### **August -September 2020**

<b>Group</b>	<b>Location</b>	<b>Entrance</b>	<b>Locker Room</b>	<b>7<sup>th</sup> period</b>
JH Boys	JH Football/Track Field House	Coach Donnell	Coach Donnell	Sport Specific Practice  Led by: Coach Donnell & Coach Magallan
JH Girls	Old Gym JH Locker Room	Coach Fuentes	Coach Fuentes	Strength and Conditioning  Led by: Coach Fuentes
HS Boys	HS Football/Track Field House	Coach Armstrong	Coach Thomas	Strength and Conditioning  Led by: Coach Armstrong & Coach Thomas
HS Girls	New Gym HS Locker Room	Coach Garza	Coach Garza	Strength and Conditioning  Led by: Coach Garza

During the athletic period, it is expected that all student-athletes participate in the program assigned. With guidance from the athletic director and head cross country coach, the girls program can participate in strength in conditioning 3 days a week while participating in cross country and/or basketball skill work 2 times per week. When appropriate, basketball skill work can occur more frequently than 2 times per week.

JH football athletes will participate in sport specific practice during 7<sup>th</sup> period while the HS football athletes participate in a strength and conditioning program. After 7<sup>th</sup> period, the HS football athletes will begin their sport specific practice.

JH football athletes will be provided a strength and conditioning after 7<sup>th</sup> period sports specific practice.

Cross Country athletes will have scheduled practices in the morning and/or after football practice.

## **TRAINING SESSION ATTENDANCE**

Attendance at training sessions is limited to Sanderson staff, coaches, participating student-athletes and parents of participants. Additional spectators/guests are prohibited from attending. Siblings are not allowed to attend the practice sessions.

### **Football Practice**

- Arrival and Exit of parent spectators:
  - Must enter and exit through the far West gate, located by the Junior High Field House.
- Face Masks/coverings are required while observing practice.
- During an organized football practice, parents in attendance must remain on the pole vault/high jump area **ONLY**.
- Social distancing must be observed.
- Parent visitors may not interrupt practice by calling their student-athlete over.
- Parent visitors may not come on to the track nor the football field.
- If a parent visitor becomes non-compliant with the requirements established, the parent will be required to leave the facility. If there is an ongoing problem with parent visitors, the practice session will be closed to all parents.

### **Other Practices**

- Procedures and guidelines for spectators at other practices such as basketball will be established when that sport comes into season.

## **GAME, CONTEST, EVENT MANAGEMENT**

### **Student-Athletes & Coaching Staff**

Special procedures and processes have been put into place for game, content and event management. The procedures listed below are a minimum requirement and are subject to change according to situation and what is necessary to ensure that student-athletes, coaches, referees and other essential game personnel remain safe.

- Home Team Arrival and Exit Areas
  - Football - West gate behind the HS locker room
  - Basketball – Gym locker room hall entrance along 2<sup>nd</sup> street
- A 2 and/or 3 ball system will be used to ensure the sanitation of balls throughout each game.
  - Sanitation will occur at time-outs, dead balls, at the end of each quarter, etc.
- Athletes will remain on their sideline, with 6-foot social distancing.
  - Football – The team box will be extended on both sides to accommodate the number of athletes on a team. The boxes will be extended in compliance with UIL regulations and referee recommendations. The coach who is not actively coaching must monitor the athletes on the sideline and ensure that they are spaced out accordingly.
  - Basketball – the players' chairs will be spaced out accordingly.
- Locker rooms will be limited to coaching staff, student-athletes and referees.
- Only players, coaches, and auxiliary team members will be allowed on the sideline/bench with the team.

- Athletes will be required to enter the game-day facility according to the procedures established within the “ARRIVAL & PRE-SCREENING SECTION.”
- Pre-game and other team interactions will be coordinated with the game officials to ensure that social distancing is occurring.
  - While social distancing is required, it is still important that some form of pre-game and end-of-game sportsmanship is implemented (i.e. elbow bumps).
- At the end of the game, contest, or event, spectators are prohibited from entering the field and/or court. Immediately after the game/contest, the student-athletes must exit the field and report to the locker room.

### **Visiting Team**

- Arrival and Exit Areas
  - Football - West gate at the Junior High locker room
  - Basketball – Main gym entrance
- Upon arrival, the visiting team will confirm that they have pre-screened all their athletes, coaches and other personnel that have traveled with the team. The head coach and/or athletic director will sign a form confirming that they have complied with the pre-screening requirement. **(Form located in Appendix E)**
- The visiting team will be provided a disinfected locker room upon arrival.
- Disinfectant will be available within the locker room for the visiting team to utilize while using the locker room.
- Immediately following the game/event, the TCISD staff will disinfect the locker room.

### **Referees**

- Arrival and Exit Areas
  - Football - East gate behind the HS field house
  - Basketball – Gym locker room hall entrance along 2<sup>nd</sup> street
- Game officials will be provided a disinfected locker room and/or meeting area upon arrival.

### **Spectators**

The facilities utilized for games and contests will be limited to 50% capacity. The stands will be appropriately labeled with the six-foot social distancing requirements. Spectators will be required to wear a mask/face covering while in attendance.

- Arrival and Exit Areas
  - Football - West gate near the ticket booth
  - Basketball – Main gym entrance along 2<sup>nd</sup> street
- Upon arrival at the facility, the spectators will be screened for COVID-19 symptoms prior to admission into the facility.
- At the entrance, hand sanitizer will be made available to all visitors
- At the end of the game, contest, or event, spectators are prohibited from entering the field and/or court.
- Immediately after the game/event, spectators are required to exit the facility. Congregating at the game is prohibited.

Visiting team procedures will be established after the District Executive Committee meets to establish some common procedures and expectations.

***\*Spectators who refuse to comply with the procedures established for the game, contest or event will be required to leave the facility.***

## **Cheerleaders**

- Arrival and Exit Areas
  - Football - East gate behind the HS field house
  - Basketball – Main gym entrance
- The cheerleaders must be kept separate from the game or contest participants at all times. These students should avoid mixing with fans or non-group members through the game or contest.
- Fans and spectators should be located at least 10 feet from the cheerleaders who are yelling and cheering.
  - Home Football – The cheerleaders must be at least 6-feet from the football players. An area should be marked for the cheerleaders to ensure that they are 6-feet apart. At least the front row in front of the cheerleaders should be left empty to provide them with the 10-foot distance from the fans/spectators.
  - Home Basketball – The cheerleaders will be placed in the stands behind the player benches. This provides them with the separation from the fans/spectators and it also allows them to social distance appropriately.

## **Concession Stand/Food**

For games, contest, and events that will include concession stands or food service, the following guidelines apply:

- Arrival and Exit Areas
  - Football – East gate behind the HS field house
  - Basketball – Cafeteria entrance
- Football concession stand
  - Limited to 3 individuals within the building/area
- Basketball concession stand
  - Limited to 4 individuals within the building/area
- Staff and volunteers involved in food service are required to wear face coverings and gloves
- Condiments that are not pre-packaged are not allowed. Condiments must not be placed on a table as a “grab-and-go.”
- Silverware must be pre-packaged and must not be placed on a table as a “grab-and-go.”
- While working the concession stand, the staff and volunteers will clean and disinfect after each patron departs.
- Only one or two staff members/volunteers will be allowed to handle the food that is prepared on site. Limiting contact between the individuals involved in food service and customers is imperative.
- Concession stand staff/volunteers must pre-screen for symptoms before entering the facility.

## **Other Information**

- Prior to the game, contest or event, all stadium rails, seating and common surfaces will be disinfected.
- Immediately following the game, contest or event, coaches and custodial staff will disinfect the locker rooms, concession stand, rest rooms and other areas identified.

### **CHAIN GANG – FOOTBALL & SCORER’S TABLE**

The personnel/volunteers utilized for the chain gang and the scorer’s table will be required to self-screen for COVID-19 symptoms.

The chain gang workers will be required to wear a mask/face covering while on the sideline. During timeouts and between quarters, when they are able to adequately social distance, the mask/face covering can be temporarily removed.

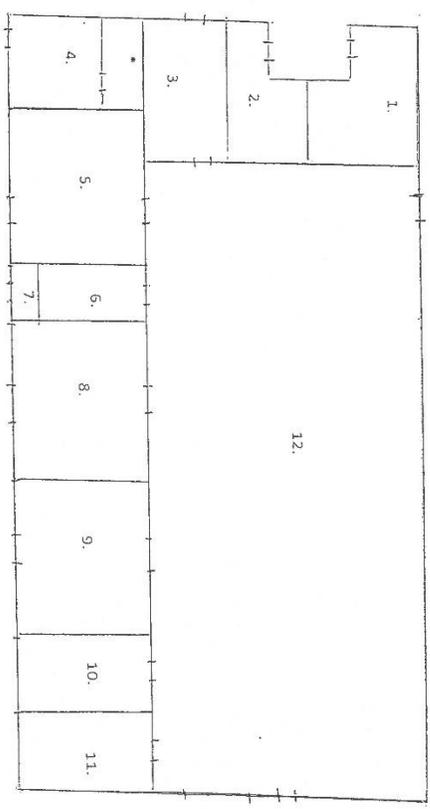

Scorer’s table workers must attempt to social distance. When social distancing is not an option, a mask, face covering, or a face shield should be used. The football scorer’s table/press box door should remain open. If available, windows should be opened due to the confined space.

## **Terrell County ISD Visiting Team's Confirmation of Athlete/Participant Pre-Screening**

Within the Terrell County Independent School District's COVID-19 Athletic Mitigation Plan, it is required that each visiting team confirm that they have pre-screened their athletes prior to arrival and participation at a Terrell County ISD facility and game, contest or event.

Please complete and sign-the statement below.

District Name: \_\_\_\_\_

Game/Contest/Event Attending: \_\_\_\_\_

I, \_\_\_\_\_ (name), \_\_\_\_\_ (title), confirm that all the participants that traveled with our team were pre-screened for COVID-19 symptoms and no one is experiencing symptoms. In the event that a participant tests positive within 5 days following this game, contest, or event, I will notify the district's administration of the positive case to assist with contact tracing within your district.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_

**Terrell County ISD**  
**Sanderson Schools**  
**Athletic Program**

**Athletic Re-opening and Mitigation Plan Receipt**

I have read the Sanderson Schools Athletic Activity and COVID-19 re-opening and mitigation plan. I acknowledge my responsibility in adhering to the guidelines for all stakeholders.

I understand that it is my responsibility to report any symptoms or a positive COVID-19 case to the district administration.

I understand the guidelines and procedures established within this document are subject to change in accordance with the recommendations provided by UIL, TEA, CDC, TX HS Athletic Director's Association and governmental entities.

**Student Name:** \_\_\_\_\_

**Grade:** \_\_\_\_\_ **Sport/s:** \_\_\_\_\_
